Ask the Garrison Commander

First Army Welcomes New Deputy Commanding General For Operations:

A loud, booming Texas voice greeted First Army Soldiers and civilians as they listened for the first time to the new deputy commanding general for operations for First Army. Maj. Gen. James K. "Red" Brown served as the guest of honor during a welcome ceremony held at First Army headquarters on June 12. Lt. Gen.

Michael S. Tucker, commanding general, First Army, praised Brown for his experience and dedication to Soldiers. "We are truly honored to welcome a true citizen-Soldier leader of Maj. Gen. Brown's stature. His credentials are impressive ladies and gentlemen," Tucker said. Brown, a National Guard general officer, was joined by his wife, Jane. Among those in attendance at the welcome ceremony

included Rock Island (Ill.) Mayor Dennis Pauley, East Moline (Ill.) Mayor John Thodos, and Moline (Ill.) Mayor Scott Raes. In his capacity as deputy commanding general for operations, Brown is responsible for assisting the commanding general with the training,

support for our troops. Classic cars are also welcome. Day of event registration will start at 7 a.m. and will be \$15 per bike. Pre-registration can be completed via [email](#) and will be \$10 per bike. It's easy ... just send an email with your name, address and phone number; cash or check only. We will be leaving from Bad Boys Pizza in Moline at 8 a.m. sharp. Our destination will be Poopy's in Savannah, Ill. Poopy's will have a breakfast buffet available until 10:30 a.m. and lunch will be available at 11 a.m. There will be a discount for active duty military. Live outdoor entertainment will be provided by the band Wayland, starting at 1 p.m. Don't forget to buy raffle tickets that morning. We have some great items from local supporters. All proceeds will go to the USO of Illinois-Rock Island. Many of our military personnel are new to the area. They are looking for events, destinations and people or groups to ride with. Share what you know with them. Hooah! Let's Ride. POC: Lorna Wilson, (563) 468-7624.

ASC/AMC "Best Warrior" Competition Notification: ASC is conducting the ASC/AMC NCO and Soldier of the Year "Best

Warrior" competitions at Rock Island Arsenal **June 23-26** (ASC) and **July 28-31** (AMC); in order to recognize and showcase the best Soldiers in the ASC/AMC. The competition will consist of critical thinking skills testing, performance-based and hands-on evaluations. The competition will test each competitor's Army aptitude via an Army physical fitness test, board interviews, a written exam, essay writing, day and night urban orienteering, a rifle proficiency range, a mystery event, and warrior tasks and battle drills. The competitors will be moving in and around the Island 5 a.m. – 11 p.m. daily during the scheduled events. Please be aware that the warrior task and battle drill lanes originate around the Arsenal test track and include use of simulators and blank ammunition firing. The urban orienteering events require Soldiers to move through unrestricted areas throughout the Island. This announcement is intended to inform you of the circumstances of these competitions and reduce any confusion in the Soldier activities that you may witness during these time frames. To keep up-to-date on the competition, visit the ASC web site at www.aschq.army.mil or the ASC Facebook page at

Arsenal Traffic/Construction

Construction Work on Entry Sign Effects Government Bridge Traffic: On Monday, **June 23**, the Directorate of Public Works will begin work on the installation of a new entrance sign on

the Davenport side of the Government Bridge. During construction, south bound traffic will be routed to the stop sign on 2nd Street and then turn onto the Government Bridge. All north bound traffic will be required to proceed towards 3rd Street. Signage and traffic barrels will be in place as depicted in the attached drawing. The foundation phase of the project is expected to last two weeks depending on weather. Once the foundation is completed, traffic flow will return to normal pattern. A 4-hour closure will be required to set the new sign in place at a future date.

Rock Island Viaduct Sidewalk Closed to Pedestrians:

"Sidewalk Closed" signs have been erected at either end of the Rock Island Viaduct sidewalk. These signs were placed because of the tripping hazard that the condition of the sidewalk presents. Attached illustration indicates the suggested alternative route (STR276 American Discovery Trail and Pedestrian Bridge) during the closure.

2014 Bus Stop Repair: Beginning **June 23**, and lasting through **July 15**, the Directorate of Public Works will begin work on replacing the deteriorated concrete around the bus stop on the SW corner of Rodman and Gillispie. The work will require the closure of the

sidewalk for the duration and intermittent lane closure. Signage and safety barriers will be positioned at appropriate locations. Project is scheduled to be completed by **July 15**.

Upstream Sidewalk Closure on Government Bridge: Until further notice, the "upstream" sidewalk on the Government Bridge, Structure 320, is closed because of damages caused by a barge. The bridge is only able to turn in a single direction and must return to the same position for closing. This will lengthen the amount of time the bridge is open for each barge and will increase delays for pedestrians, cars, and train traffic. The pedestrian gates for this sidewalk are "Closed", caution tape is on those gates, and a "Sidewalk Closed" sign has been positioned at the Davenport end of that same sidewalk. The "downstream" sidewalk on the Government Bridge is open and safe to use.

Geophysical and Geotechnical Survey for Arsenal Housing Project in June: An Army Corps of Engineers' contractor is scheduling a Geophysical and Geotechnical Survey at RIA for the FY15 Army Family Housing construction project **mid to late June**. The surveys involve ground radar,

drilling soil borings, and intermittent loud noise. During the survey, small areas may need to be closed to public access for safety purposes. These areas may include Whittimore St., Durnin Ave., Davenport Dr., parking lots north of Durnin Ave., areas around the garden plots and the playground and pavilion east of the Davenport House, and areas adjacent to Bldg. 312. The general area is depicted on the drawings, mainly the enclosure of the yellow lines and the immediate area near the west yellow line. Barricades, caution tape, and/or signs will be used to warn and detour pedestrians and motorists as needed.

Parking Lot 0J and Lot 3K Repair: Effective April 28, the Directorate of Public Works resumed work on repair of parking lots 0J and 3K, located north of buildings 60, 62, 360 and 390. The overall repair includes replacement of the asphalt paving and installation of curb and gutter on the north and south sides of Lot 0J and repaving of the south half of Lot 3K. Work will be completed in a three phased approach to minimize the effect on traffic flow and parking. Signage and safety barriers will be positioned at appropriate locations. Project is scheduled to be completed by **Sept. 1**. The attached drawing shows the phases for the project.

Future Ft. Armstrong Construction:

In the upcoming construction season, Rock Island Arsenal will be performing work on the intersection of Ft. Armstrong Drive and Rock Island Drive. This work will result in a full vehicle closure for the Installation's Rock Island Gate and Rock Island Viaduct, as well as restricting vehicles crossing the Government Bridge to "Installation-only" traffic. The American Discovery Trail will remain open. Construction is expected to last approximately two months, barring major weather delays. The exact construction start date is currently unknown. However, we have been coordinating with external agencies in an effort to minimize impact to the surrounding communities.

Reconstruction of River Drive from 19th Street to 23rd Street in Moline:

The Illinois Department of Transportation is planning the reconstruction of River Drive from 19th Street to 23rd Street in cooperation with the City of Moline. This work will be performed in preparation for the replacement of the 1-74 Mississippi River Bridge and will provide connection points along River Drive for the future interchange ramps. The proposed project consists of full removal

of the existing roadway in this area and replacement with new concrete pavement. In addition, new lighting, sanitary and storm sewers, water main, and a recreational path will be constructed throughout this section. In order to complete this work it will be necessary to close River Drive to traffic during the construction effort. The closure will be in effect from Sept. 8 to **Dec. 5**. The interchange of 1-74 with River Drive will also be closed during this time, but will reopen following the completion of this work. We have made every effort to limit the timeframe of the work so as to reduce inconvenience to you and your customers. Detour routes will be signed to ensure that motorists can access local businesses effectively.

Building/Space Closures

☪
Door Closure, Bldg. 102: The Directorate of Public Works has closed the Bldg. 102 west door on Rodman Ave. until further notice. The stairs leading to the door were determined unsafe. A project is funded to make repairs and the door will be reopened after the stairs are repaired. Signs, barricades, and caution tape are posted to warn pedestrians and prevent access.

The 7-mile road race is annually held during late July, in the streets of downtown Davenport. The race was founded in 1975 by John Hudetz, a resident of Bettendorf, Iowa. After competing in the 1974 Boston

Marathon, Hudetz was inspired to bring the excitement to the Quad-Cities with a race of his own. The inaugural race had a field consisting of eighty-four runners. Today the race is often run by 12,000 to 18,000 runners. ([More](#)) *This information is included for general interest and does not constitute endorsement of the businesses or products.*

Safety Spotlight

Safety Awareness Day - Critical Days of Summer: The RIA Safety Awareness Day - Critical Days of Summer event will be held on Thursday, **June 26**, 10 a.m. – 1 p.m., in Bldg. 60, Heritage Hall. This year, the ASC Safety Office is sponsoring the Safe A Life Tour, which highlights Alcohol Awareness and the Distracted Driving Programs. Experience first-hand the devastating effects of drunk or distracted driving. The national "Save A Life Tour" has been developed to provide state-of-the-art, interactive driving simulation that truly shows participants the grim reality of destructive decisions. This program addresses the very real

and often fatal consequences of poor choices that are made while driving under the influence or driving distracted. We encourage you to bring your teenage/young adult drivers to participate in this real-life learning opportunity. In addition, there will be information on heat injury prevention; fire safety; fire extinguisher demonstration; boating safety; cell phone distraction awareness; safety displays; alcohol impairment activities; traffic safety; red cross; natural disasters; and much more. Headphone/Earphone Use Prohibited

on Arsenal Island: The Army Safety Program ([AR 385-10, Section 6-5](#)) states: Using headphones or earphones while walking, jogging, skating, and bicycling, including pocket bike, motorcycle or moped on Army installation roads and streets, is prohibited. Public, family, and recreational safety programs are an essential part of the Army Safety Program that must continually heighten accident prevention awareness during all on-duty and off-duty recreational programs for Soldiers, Army civilians, and their families. Sports and recreational activities continue to rank

high as a major cause of accidental injury. We ask for your kind cooperation in helping to prevent accidents due to distractions.

Equal Opportunity Focus

Celebrating LGBT Pride Month: June is LGBT Pride Month. One of the best ways to celebrate this community is by making sure that its members have the same rights and benefits as the rest of our Federal family. LGBT Pride Month was created as a way to honor the 1969 Stonewall riots in Manhattan, which were a tipping point in the Gay Liberation Movement in the United States. What began as "Gay Pride Day," has grown to a month-long series of events around the country. These commemorations also include memorials for members of the community who have been lost to hate crimes and HIV/AIDS. ([More](#))

National Men's Health Month – June 2014: The month of June is designated as National Men's Health Month. The purpose of this campaign is to heighten awareness of preventable health problems and encourage early detection and treatment of disease among men. If you

are like many men, you may drink alcohol occasionally. Or, like others, you may drink moderate amounts of alcohol on a regular basis. But did you know that drinking more than the moderate levels -even occasionally- may put you at risk for serious health problems? Although alcohol affects everyone differently, excessive drinking can negatively affect a man's health regardless of age, race, marital status, income level, profession, or lifestyle. Common medical problems that can be caused by excessive drinking include heart disease, arthritis, liver cirrhosis, high blood pressure and various cancers. In support of National Men's Health Month, the Rock Island Arsenal Employee Assistance Program invites you to take advantage of the free and confidential counseling services that the program has to offer. Schedule an appointment with an EAP counselor by calling (309) 782-4357. Master-level counselors can provide information, short-term counseling, and referral services. If you have any concerns about your alcohol use or mental health, talk it over with a trained professional at the EAP. You can also access an anonymous screening at www.militarymentalhealth.org.

PTSD Support Groups: Are you or a loved one experiencing symptoms of Post-Traumatic Stress Disorder? The Rock Island Arsenal Health Clinic and Employee Assistance Program are sponsoring support groups to assist you through this difficult challenge. Contact Rita Baugh, EAP counselor, at (309) 782-2552 for more details.

Grief Support Group: The Employee Assistance Program is sponsoring a support group for individuals who are mourning the death of a loved one. The group meets on Tuesdays, 3-4 p.m., in Building 56, 1st Floor, Room 122. For more information contact Rita Baugh, EAP counselor, at (309) 782-2552.

Smoking Cessation Group: Want to join a supportive group of individuals with a common goal to quit smoking? The Employee Assistance Program offers an ongoing educational support group. The group meets each Wednesday, 3-4 p.m., in the EAP office located in Building 56, 1st Floor, East Wing.

This Week in Rock Island Arsenal History – June 16-22: On June 17, 1967, the Ramsey Test Track for combat vehicles was dedicated. The testing facility is 6,487 feet in length and laid out in figure-eight configuration. The track was designed to road test as many as four vehicles, weighing up to 6½ tons each, at one time. In June 1898, during the Spanish-American War, 85 men and boys cleaned and repaired 500 rifles a day in Shop D (Bldg. 62). In June 1942, Maj. Gen. L. H. Campbell, a former officer in charge of manufacturing at the RIA (1931-1935), was appointed the Army's Chief of Ordnance. U.S. regulars and state volunteer troops, including the local Rock River Rangers, engaged in a supposedly surprise attack on Black

Hawk's village on the Rock River on June 21, 1831. However, Black Hawk and his followers had fled, so they torched the village. In June 1873, construction of Shop C (Bldg. 104) was completed. In June 1942, the first water-cooled machine gun .30 cal., M1917A1 of new manufacture was delivered to Storehouse W1.

Army Cuts Down on 'Super-Sized' Chow Portions -- Traffic Light System Highlights Healthier Options:

If you've noticed less meat on your plate as you proceed down the chow line, it's no accident. Garrison dining facility staffs are being retrained to shrink meat portions, cut salt in recipes and emphasize larger side dishes of vegetables. The idea is to eliminate "the super-sized portions, the piece of beef hanging over the plate, or the plate becoming a trough," explained Priscilla Dolloff-Crane, a food service specialist at the Joint Culinary Center of Excellence in Fort Lee, Virginia. "It's filling, but not excessive." A high-protein main course, said Dolloff-Crane, is still the underlying the approach to menus, but the sides — the starches,

fruits and veggies — "those will take up two-thirds of the plate." ([More](#))

Improved Scheduling Process at Rock Island Arsenal Health Clinic:

Effective May 19 a new improved scheduling process will go into effect for all *service members who receive care at [Rock Island Arsenal Health Clinic](#). All service members and their family will be seen by appointment only. There will no longer be sick call hours. This will allow the providers to see three additional appointments per day, giving the clinic an additional 30 appointments per week. You will no longer need to wait for others to be seen before you; you will have an appointed time. If you are sick, [you can use the online appointment booking option to schedule an available appointment](#) or you can call at 7 a.m. to (309) 782-0805 and be given a same-day appointment. If you try to [book online](#) and there are no appointments available, you will need to call the clinic and speak with a medic or nurse who can triage and give you a time when you can be fit in. Routine appointments will begin at 7:20 a.m. every day for those who like the convenience of an early morning appointment. This will also allow us to schedule an appointment with your assigned PCM, a MEDCOM directive.

*This change will also increase access

for family members as there will be more appointments available each day.

Introducing Open Access Scheduling:

As of **June 1**, when you go online to schedule your appointments, you will have two choices; EST (established) or OPAC (open access). EST appointments are for us to book into and OPAC are for you to book into. Appointments can be made via TRICARE Online (TOL) or you can call us. If you try online to make an appointment for the same day and there is nothing available, call us, request to speak with a nurse or medic and we will find a time to fit you in. Each day, there are 13 OPAC appointments available with each provider (in addition to the EST appointments). This method of scheduling gives us the greatest flexibility and allows us to offer appointments the same day versus being bound by the appointment types that existed in the past. The goal is to do today's work today and to see you when you want and need to be seen. The way this works is that at midnight, the appointment slots are "released" for booking. The benefits of this is that 1) you have a better opportunity to be seen closer to the time you want to be seen instead of us only having five appointments left for the day thereby

dictating the time, 2) we will have fewer no shows and cancellations, again making it easier for you to get an appointment since most people who call the same day come in for their appointment. All appointments are 20 minutes in duration; keep this in mind when scheduling. If you have 10 problems that need addressing, you may need to address them in two or three appointments. There are two types of appointments that should not be booked online-PHAs and PAP smears for females, these need additional time and will be booked in the EST slots. Clinic phone number for appointment scheduling (309) 782-0805.

Notes for Veterans

Free Blues Fest Tickets for Veterans, Active Duty Military: To honor those who have served and are serving our country, the Mississippi Valley Blues Society is offering a limited supply of free tickets for the Blues Festival to veterans and active duty military. Thanks to an American Legion grant, MVBS has 150 tickets to give away for the Independence Day weekend. Tickets are available on a first-come, first-served basis, one ticket per proper credentials. Tickets are good for either

July 4 or July 5 at the BluesFest. (Gate admission is \$25 per day.) See Anna Winters, special events office, on the Rock Island Arsenal, Bldg. 60, 1st Floor, between the hours of 9 a.m. and 3 p.m., Monday through Friday through June 30. For information, call (309) 782-5890. *This information is included for general interest and does not constitute endorsement of the businesses or products.*

Nominate a White House Champion of Change for Veteran

Entrepreneurship: Since taking office, President Obama has been committed to upholding our sacred trust with America's veterans and wounded warriors. As the President stated in his last State of the Union address, "We'll keep working to help all our veterans translate their skills and leadership into jobs here at home. And we all continue to join forces to honor and support our remarkable military families." Entrepreneurs and small businesses are a big driver of our national economy, and veterans offer our country a set of skills that make them uniquely well suited for success as entrepreneurs. Research demonstrates that veterans are at least 45 percent more likely than those with no active-duty military experience to be self-employed and are twice as likely to

succeed. According to the most recent U.S. census data, nearly one in 10 small businesses are veteran-owned. These businesses generate over \$1.2 trillion in receipts annually and employ nearly 5.8 million Americans. It is in the best interest of our country to tap into this incredible resource of veterans and find ways to help them succeed as entrepreneurs who fuel job growth and expand opportunity for all Americans. Taken at face value?
It might not be worth much.

The Face of Indiscipline
He's new to his unit but fits right in. A hard, dedicated worker, he never complains when he has to hurry up and wait. He's the kind of guy everyone wants on the team. He's also a fitness buff. 300+ on the APFT six-minute mile, committed to personal health and fitness, as well as the challenges of being a Soldier. He can't swim a stroke and no one knows it. He and his battle buddies are planning a canoeing outing when the weather gets a little warmer. Two hours into their eight-hour adventure they will encounter some rough water. When our non-swimmer's canoe flips in the rapids, he won't be wearing his personal flotation device.

Where is that commitment to his own wellbeing?
Discipline takes many forms, as does indiscipline. Know what's right and do what's right.
